

SUSAN G. KOMEN FOR THE CURE
SAN DIEGO AFFILIATE

2013-2014 COMMUNITY GRANTS

Susan G. Komen for the Cure is the world's largest grassroots network of breast cancer survivors and activists fighting to save lives, empower people, ensure quality care for all and energize science to find the cures.

Locally, Komen is San Diego County's only breast cancer organization committed to providing free services for every step of the breast cancer journey. *Nationally*, we are the largest funder of breast cancer research in the world, next to the U.S. government. Komen has had a role in every major advance in the disease in the past 31 years.

Through events like the **Race for the Cure®**, **The Breast Cancer 3-Day** and generous donations all year-round, we are funding a record-breaking \$1.4 million across San Diego County.

Free Mammograms

OVER 40? Call **EVERY WOMAN COUNTS** at **1-800-511-2300** for program qualification.

Also call **211 SAN DIEGO** to talk with a Breast Health Specialist who will connect you with breast health information, programs and services.

Dial **211** for breast-health related information. For English, press 2-2-3-1. For Spanish, press 1-1-3-1. Or go to www.211sandiego.org.

UNDER 40? We can help, through the **COMMUNITY CLINICS HEALTH NETWORK**

This program provides funding for breast diagnostic services for underinsured or uninsured people under the age of 40 and those who do not qualify for the Every Women Counts program. Community clinics and health centers refer eligible patients they have seen who have an abnormal clinical breast exam or screening mammogram, and need further diagnostic services.

Dial **211** for a breast health navigator to assist in locating a community clinic or health center. For English, press 2-2-3-1. For Spanish, press 1-1-3-1. Or go to www.211sandiego.org.

Financial and Food Assistance

BREAST CANCER SOLUTIONS

Financial Assistance and Support
for Breast Cancer Patients

For information: call 866-960-9222
or www.bcsurvivors.org

Temporary financial aid for basic living expenses, medical bills and other identified needs throughout treatment. This assistance enables breast cancer patient's access to care by removing financial barriers caused by increased medical expenses, lost wages due to cancer treatment and other difficult factors.

JEWISH FAMILY SERVICES

Financial Crisis Case Management Program

For information: call 858-637-3076
or contact breastcancersupport@jffsd.org

This program provides financial assistance to newly-diagnosed breast cancer patients, as well as those already in treatment. Services will be available to any patient in the county.

MAMA'S KITCHEN

Meal Delivery for Breast Cancer Patients and
their Family

For services: call 619-233-6262 or contact
clientservices@mamaskitchen.org

The program's goal is to prevent hunger, malnutrition, unnecessary hospitalizations, and premature deaths among at-risk San Diegans affected by breast cancer by delivering 3 meals a day to patients and their families.

Cancer Diagnosis Management

SHARP CHULA VISTA MEDICAL CENTER

South County Breast Cancer Patient
Navigator Program

Serving Chula Vista, Chula Vista-Eastlake,
National City, Otay Mesa, San Ysidro, and
Imperial Beach

For information: call (619) 502-5364
or contact Angelina.Mohi@Sharp.com

This program focuses on the diagnostic, treatment, and survivorship needs of medically uninsured, underinsured and under-served patients with breast cancer living in the South Bay.

FAMILY HEALTH CENTERS OF SAN DIEGO

East County Patient Navigator Program

Serving El Cajon, La Mesa, Lemon Grove, and
Spring Valley

For information: call (619) 515-2593
or contact geneh@fhcsd.org

The goal of this project is to reduce breast cancer mortality among minority, low-income, and uninsured women in East County by addressing financial and navigational issues and increasing access to breast cancer education, screening, treatment, and supportive services.

FAMILY HEALTH CENTERS OF SAN DIEGO

Logan Heights Patient Navigator Program

Serving Barrio Logan, Logan Heights and
Sherman Heights

For information: call (619) 515-2300
ext. 4409 or contact evan@fhcsd.org

The goal of this project is to reduce late-stage diagnosis and mortality among underserved, low-income Latina women in San Diego's urban Logan Heights and Sherman Heights communities by helping patients and their family's access and navigate available breast cancer diagnostic and treatment resources.

2013-2014 COMMUNITY GRANTS

JEWISH FAMILY SERVICES

Intensive Case Management for Breast Cancer Patients

Serving all of San Diego County

For information: call (858) 637-3076
or breastcancersupport@jfsd.org

This program provides intensive case management for all women who are newly diagnosed or living with breast cancer in San Diego County as part of its Crisis Case Management department. Services include home visits, treatment support and navigation assistance during this difficult time.

SAN YSIDRO HEALTH CENTER

Patient Navigation and Survivor Support

Serving Chula Vista, National City, Nestor, San Ysidro, Southeast San Diego, and Ocean View

For information: call (619) 662-4100 ext. 26936 or contact memeza@syhc.org

The goal of this program is to facilitate the best possible health outcome for women who have received a suspicious mammogram, are living with breast cancer, and/or have survived breast cancer through the provision of sustained patient navigation and support services.

VISTA COMMUNITY CLINIC

Breast Health Patient Navigation and Support Services

Serving North County San Diego

For information: call 760-631-5000 ext. 7167
or natasha@vistacommunityclinic.org

The goal of the program is to provide navigation services to low-income women in North San Diego with an emphasis on minority women.

BREAST CANCER SOLUTIONS

Navigation and Support for Breast Cancer Patients

Serving all of San Diego County

For information: call 866-960-9222 or www.bcsurvivors.org

A project that provides community referrals and compassionate support through the continuum of care to all San Diego County residents with a focus on the medically underserved, uninsured, and underinsured breast cancer clients.

Community Education and Outreach

CHULA VISTA COMMUNITY COLLABORATIVE

Latina Outreach: “Me Cuido Porque me Quiero”

A program to increase awareness of breast cancer, prevention strategies, and available resources through outreach and education to the Latino community. The project will use the Promotora best practice model.

LA MAESTRA COMMUNITY HEALTH CENTER

Breast Cancer Early Detection and Prevention Program

This project is designed to increase breast health education and access to screening services for underserved women in San Diego County, focusing on Latina, immigrant, and refugee women.

SAN YSIDRO HEALTH CENTER

Latina and African American Education Outreach

The goal of this program is to teach Latina and African American women living in San Diego County's South and Central/Southeastern region about the importance of early breast cancer detection. The program uses the Promotora approach and is culturally tailored to meet the specific needs of Latina and African American women.

SCRIPPS MERCY HOSPITAL CHULA VISTA

Healthy Women Healthy Lifestyle Breast Education & Outreach

A Community Health Worker Intervention

This program seeks to enhance and expand the existing culturally sensitive breast health education and outreach for women ages 15 to 40+. Through integration of a health promotion model in the hospital and community, women will receive information to access screening and radiology services.

OPERATION SAMAHAN

Breast Health Education for Filipino Women

This project aims to develop culturally competent/relevant education and resources on breast health, breast cancer screenings, risk factors, and prevention methods for Filipino women.

VISTA COMMUNITY CLINIC

Breast Health Education and Outreach

This program will provide breast health education, outreach and linkage to clinical services for low-income, minority residents ages 40 to 64 with an emphasis on underserved, multi-ethnic women in proven and successful activities to increase knowledge and awareness of how to access low-cost and free breast health care and services among underserved women and their communities.

SOMALI FAMILY SERVICE

Reaching Important Immigrant and Refugee Communities: Bridging the Cultural Divide

The program's goal is to develop, implement and evaluate a culturally sensitive multi-faceted community approach to breast cancer screening and education for Somali and other East African refugee and immigrant women. The program will serve women by providing them culturally and linguistically appropriate education on breast health to overcome individual barriers preventing access to services.

CIRCLE OF FAITH

From Diagnosis to Recovery

The purpose of the program is to provide a safe, culturally sensitive environment to address the specific needs of African American women facing breast cancer. Circle of Faith's key activities include a support group, one-on-one mentoring program, community education outreach, resources, referrals and support.

MANA DE SAN DIEGO

Latina Health festival “Dia de la Mujer”

Support of the MANA de San Diego Latina health “Dia de la Mujer” events serving low-income, rarely/never screened Latinas with breast screenings and mobile mammography services. This partnership is organized annually with San Diego State University and U.C. San Diego.
